MAIL'S TOBACCO FUND

Previously reported	$154.25
Miss Belle Crabb	.50
Nath Jones	.50
H Jenion	.25
Miss Isabella Dorbritz	.50
Mrs Jessie E. Copeland	.50
Total	$156.50

Today the Mail sends its second draft to the American Tobacco company, that the money may be utilized at once for the purchase of smokes to be sent to the men in France in time for Christmas. It was necessary to do this if we wished the men to reap the benefit of the generosity of the people of Charleroi, as transports expect to carry a lot of Christmas presents from the men to France every trip from now on for several days to come.

The boys are going over in greater numbers every week and it will not be long until we have quite an army on the other side. It will take quite a lot of tobacco to go around and it is necessary if we wish to supply the demand to be as generous as possible. Following the Christmas time will come a long siege of winter duty and this will be the particular time in which the boys will enjoy a smoke. The fund will be kept open until further notice, and the Mail will be pleased to receive any further contributions our citizens may be pleased to give.

WILL ASK ALL TO CONTRIBUTE

Burgess Woodward today resumed his activities in soliciting for the War Camp Community Recreation Fund of which Charleroi is expected to raise $800, this amount being apportioned to us out of the $4,750,000 to be raised in the United States for this purpose. On Friday it is expected that a committee will call upon every merchant and business man in Charleroi and a contribution solicited which will be used in providing recreation and entertainment for the men now in the army camps in the United States. This fund, as we understand it, is to furnish the best sort of entertainment to men in the camps in the United States, and is not intended for any work abroad. The Y. M. C. A. will look after the latter feature. The recreation fund will permit the boys to have their brighter side of life—fellowship in clubs, athletic tournaments and other diversions in which men can take part. Special provisions will bemade at every camp to provde these features and the money now beng raised will be used for that purpose.

BAPTIST CHURCH CALLS NEW PASTOR

New Baptist Minister Will Take Up Work Here on That Date

COMES HIGHLY RECOMMENDED

Rev. T. D. Rees, of Port Norris, N. J., who was recently selected as the pastor of the First Baptist church of Charleroi, to succeed Rev. Carl, will take up his new field on the 18th of November.

Mr. Rees is a graduate of Dennison University and of the Rochester Theological Seminary. While at college he was the soloist and reader of the glee club which took extensive trips around the country. His elocutionary ability won for him great distinction in oratorical contests, having been victorious on three different occasions. While at the Seminary he was a member of the Rochester male quartet, which did lyceum work for a couple of years. He was also a member of the Rochester Evangelist Band, which was composed of ten men picked by the faculty.

Under his leadership the Baptist church of Port Norris has been placed in the front rank of that denomination of Southern New Jersey. His power among men enabled him to build up a class second to none in West Jersey Baptist Association. His work in his own and other churches adjacent to Port Norris is spoken of in the most complimentary manner.

Miss Julia Tnarsky, missionary worker among the Slavish people, and Mrs. Emma Dawson are in Washington today, attending a meeting of the County W. C. T. U., the sessions of which are being held in the Y. M. C. A. rooms.

NO SOLDIER VOTES FOR BOROUGH OFFICES

It was learned Wednesday that the soldiers now in service in the United States army and whose homes are in the various boroughs of the state were not permitted to vote for borough officials. They cast a vote for county offices, if they so desired, but the county commissioners, at the request of the secretary of the commonwealth, did not send borough tickets, hence the votes of Charleroi men at Camp Sherman and Camp Hancock will not figure in the local result.

MR. MOODY LEADS COUNCILMANIC TICKET

George W. Moody leads the Republican ticket for council in the Tuesday's election. In the Mail's report published on Wednesday Mr. Moody was credited with 14 votes in the third precinct, when he should have had 94 making his total vote in the borough 816.

THE ALLIES AWAKENED

There is said to be a feeling that among the Allies' military experts because of their misjudgment of Italy's needs and Germany's strength. No wonder, for these men, like the less watchful public, evidently took the crafty "peace" talk, the stories of Germans in food riots, of the Reichstag in revolt, of Hindenburg hissed by his men, of German morale shattered, etc., etc. While a tendency to relax in this country and a spirit of overconfidence in all the allied nations were thus designingly created, the Germans quietly took advantage of the Russian situation to withdraw men and guns from the East front and delivered their unexpected and smashing blow against Italy. Then the badly fooled allied powers rubbed their eyes and awoke to the fact that their cunning enemy had been playing 'possum and was still mighty.

This country is too far away to give prompt assistance in any form and even France and England are confronted with the very serious problem of sparing and rendering sufficient aid in time to save Italy. The great need of going to the rescue is manifest. If the Germans can overrun Italy they will not only have a valuable new base of supply but will be able to attack France in the rear and secure a power in the Mediterranean which the British fleet may find difficult to overcome. Already Venice is in great peril and, though its strategic value is relatively small, the moral effect of its fall would be great. What would happen to Venice and the other Italian art centers is plainly foreshadowed in the exultant announcement of a German official in a Dresden newspaper: "If the Italian statesmen have imagined that the art treasures of their country are a species of insurance against a too energetic conduct of the war on Germany's part they will experience some bitter disappointments—when the monuments and cathedrals, the statues and the pictures, the churches and the palaces of Venice, Milan, Florence and Rome feel the sharpness of the sword."

The German theory as repeatedly expressed, is that ruthless destruction and brutal savagery terrorize and "command respect." Curiously enough the boasting expressions of this theory are sometimes followed by the wondering inquiry as to why Germany is hated throughout the world. The ruthless destruction of art treasures, incalculably valuable to the world as well as to Italy, would tend to unite in the common cause even the elements in Italy that have been disaffected through sleepless German intrigue and increase the stubbornness of the resistance. And the peril of Italy under the first heavy blow struck by Germany in a year will impart a needed tightening of the tension and strengthen the military arm in all the allied countries. Viewed in this light, the sudden dispelling of the illusions of recent months and the general awakening may be regarded as a distinct gain.

The Country, not party, is the issue, is all that patriots recognize in practice as well as in theory. Colonel Roosevelt united, preserved and admirably organized this principle in the campaign of New York, which established the supremacy of Republican ideals in the field. Mayor Mitchell attempted such men as Roosevelt, Root and Hughes and succeeded because of his bold defiance of the hyphenated vote of those secret German sympathies. More the pity that Mitchell was not elected.

HOG RANCH IN MARSHAL'S HANDS

The Finleyville Hog Ranch, located a short distance east of that borough and on the hill above the improved road, is now in the hands of the United States Marshal, who has stationed armed guards on the property to maintain his authority.

This hog ranch has been in operation for some time and apparently was doing a thriving business. Recently a few of the stockholders made complaint to the courts and a receiver was appointed, the charge being that the hogs were on the verge of starvation. In accordance with the application Judge MacFarlane of the Allegheny county courts, appointed T. M. Gealey as receiver, on the 29th of October.

On Tuesday last Benjamin Page president of the South Side Trust company, came out from Pittsburg to inspect the ranch, when he claims he was driven from the premises by V. E. MacChain, the foreman, who came at him with a shotgun. On his return to Pittsburg Mr. Page appealed to the United States District Court for relief and Judge Orr ordered the United States Marshal to seize all property of the company, which was done on Wednesday. Deputy U. S. Marshal Frank Beatty and armed guards seized the hogs, 714 in number as well as all books and correspondence of the corporation.

P. M. Dwyer has been installed as custodian and for the time being the government will be in the hog business. The company, is is claimed is hopelessly insolvent, due to bad business methods and it is a question if the stockholders receive anything for their investment.

Stock Certificates For Christmas

A prominent merchant in Connellsville, who desired to invest $1,000 in some security as a birthday gift for his wife, purchased twelve shares of West Penn Railways Preferred stock. The investment, at $82 per share, cost him $984, and his wife will receive therefrom $18 every three months, or $72 per annum.

This merchant invested his money only after careful consideration. He knows the property and realizes its great possibilities. He also knows that the company has paid quarterly dividends regularly since February 1906, and that its earnings have been largely in excess of dividend requirements.

He purchased the stock after convincing himself that West Penn Railways Preferred fulfilled all requirements of a HIGH CLASS INVESTMENT SECURITY. Besides returning about 7.32% on the money actually invested, the stock is free of the Pennsylvania state tax and also free of the normal income tax of 4%, which are important factors to be considered in making investments at this time.

West Penn Railways Preferred stock will make an ideal Christmas gift. The Company can supply certificates in amounts of from one to twenty shares, at $82 per share. Par value is $100. On request, the Company will accept a payment of $25 per share any time before November 30 and on receipt of the remaining $57 per share on or before December 20, will deliver to the purchaser the full paid certificate (registered in any name desired), together with a check for the December dividend of $1.50 per share. Thus, the certificate and the dividend check may be presented on Christmas morning.

The fact that more than ELEVEN HUNDRED (1100) SUBSCRIPTIONS have been received from men and women living in the territory served by the West Penn System not only reflects the confidence felt in the management, but is also an appreciation of the intrinsic worth of the Railways preferred stock. The Company desires all of its patrons to become stockholders, even if only for one share each, so that they will feel they are partners in a business they utilize daily.

THEY GAVE HER VINOL FOR BRONCHITIS

And it Cured Her—Read Mrs. Thayer's Letter

West Somerville, Mass.—"I suffered from a severe attack of bronchitis, with a terrible cough, no appetite, no energy, no strength and loss of sleep. The usual remedies failed to help me, but they gave me Vinol and it restored my appetite, stopped the cough and built up my strength so I am able to do my housework again."—Mrs. P. B. Thayer.

We guarantee Vinol for chronic coughs, colds, bronchitis, because it is a constitutional cod liver and iron remedy. Formula on every bottle.
